To: [REDACTED]
Subject: RE: Patent Application - File No. 0000090

The title is wrong in the patent as well as the email.
The body of the patent is right.

The title on the email is as how it reads on the patent. Please check the one I sent to you via email and let me know so if it is indeed incorrect and what the changes are so that I can forward them to Gus and have them changed.

Thanks
